BEYOND THE DARK

[Intro – Mechanical Sounds, Heavy Stomps, Deep Whisper]

Wake up...
The world is bleeding.
Stand up...
The dark is breathing.

[Verse 1 – Deep, Rhythmic, Almost Spoken Vocals]

Black skies hanging over broken ground,
Dead bells ringing, no salvation found.
Cold eyes watching from the other side,
Something ancient never really died.

We carry scars beneath our skin,
A thousand wars we hold within.
No gods will save us, no stars will guide,
We face the beast or rot inside!

[Pre-Chorus – Rising Shouts, Stomping Drums]

Do you feel it?
Under your skin!
Do you hear it?
The end begins!

[Chorus – Massive Gang Shouts, Industrial Riffs]

BREAK THE DARK! BREAK THE CHAINS!

We are the fire inside the rain!

RAISE YOUR FISTS! LET THE EARTH SHAKE!

We are the dawn they cannot break!

Through the ashes! Through the pain!

We will rise and rise again!

BREAK THE DARK! SCREAM OUR NAME!

Nothing will ever be the same!

[Verse 2 – Groovy, Syncopated Nu Metal Riffs]

Every choice leaves a mark in stone,

Every soul must face the unknown.

Trust is forged where the weak hearts fall,

We stand together against it all.

The ground is shaking, the heavens split,

We bite our tongues, then unleash the hit.

No turning back, no place to hide,

Let the buried world collide!

[Pre-Chorus – Build-Up, Gang Vocals]

Do you feel it?

Under your skin!

Do you hear it?

The end begins!

[Chorus – Full Force, Aggressive Gang Shouts]

BREAK THE DARK! BREAK THE CHAINS!

We are the fire inside the rain!

RAISE YOUR FISTS! LET THE EARTH SHAKE!

We are the dawn they cannot break!

Through the ashes! Through the pain!

We will rise and rise again!

BREAK THE DARK! SCREAM OUR NAME!

Nothing will ever be the same!

[Bridge – Half-Time Breakdown, Distorted Bass, Growls]

DOWN!

INTO THE VOID!

RISE!

DESTROY THE SILENCE!

NO FEAR!

NO KNEES!

NO CHAINS!

NO GRAVE!

[Short Instrumental Breakdown – Heavy Groove, Industrial Drums]

[Final Chorus – Maximum Intensity, Layered Shouts]

BREAK THE DARK! BREAK THE CHAINS!

WE ARE THE FIRE INSIDE THE RAIN!

RAISE YOUR FISTS! LET THE EARTH SHAKE!

WE ARE THE DAWN THEY CANNOT BREAK!

THROUGH THE ASHES! THROUGH THE PAIN!

WE WILL RISE AND RISE AGAIN!

BREAK THE DARK! SCREAM OUR NAME!

NOTHING WILL EVER BE THE SAME!

[Outro – Sudden Stop, Deep Whisper]

The dark is breathing...

So are we.
