WHERE THE DAWN MEETS THE STARS

[Intro — FEMALE VOCAL: Alphonsine, soft and intimate]

I never knew the world could change
With just one look, one whispered name.
Then you stood there, beneath the rain,
And taught my heart to beat again.

[Verse 1 — MALE VOCAL: Mana, gentle and vulnerable]

I saw a thousand roads ahead,
A thousand words I never said.
But none of them could tell me why
Your eyes felt more like home than mine.

[Verse 2 — FEMALE VOCAL: Alphonsine, tender and warm]

You saw the shadows in my soul,
The broken parts I couldn't show.
You held my hand and made me see
A life beyond eternity.

[Chorus 1 — FEMALE VOCAL: Alphonsine, passionate and vulnerable, rising intensity]

If I could stay, I'd burn the stars for you… *for you—oooh!*
I'd hold the world if it meant I could hold you… *hold you—oooh!*
But love is more than never letting go… *don't let me go—oooh!*
It's breaking my heart so your light can grow… *let it grow—ohhh!*

[Verse 3 — MALE VOCAL: Mana, warm and emotional]

Four little hearts, four lights were born,

Four reasons to face every dawn.

I held them close, I watched them sleep,

And made a promise I would keep.

[Verse 4 — FEMALE VOCAL: Alphonsine, maternal and bittersweet]

I kissed their brows, I learned their cries,

I memorized their laughing eyes.

If time should take me far away,

My love would never leave their days.

[Chorus 2 — FEMALE VOCAL: Alphonsine, powerful and aching; MALE VOCAL: Mana joins in harmony on the final words]

If I could stay, I'd give my soul to you… *my soul to you—oooh!*

I'd fight forever just to see this through… *see it through—oooh!*

But love is more than keeping you near… *stay with me—ohhh!*

It's leaving you hope when the end is near… *I love you—oooh!*

[Bridge — MALE VOCAL: Mana, restrained and sorrowful]

I've seen the futures turn to grey,

The worlds where all our sons lose their way.

One road remains, uncertain, thin—

I choose the one where they might win.

[Bridge — FEMALE VOCAL: Alphonsine, fragile but resolute]

I'll leave this body, leave this name,

Become the echo through the pain.

Though I can't hold them as they grow,

I'll guard the dawn they have to know.

[Duet — FEMALE VOCAL: Alphonsine first; MALE VOCAL: Mana answers; clearly separated voices]

[FEMALE VOCAL — Alphonsine]

If you can't find me, hear my song.

[MALE VOCAL — Mana]

If I can't guide them, they'll grow strong.

[FEMALE VOCAL — Alphonsine]

I give the world the life I knew.

[MALE VOCAL — Mana]

I give tomorrow up for you.

[Final Chorus — FEMALE VOCAL: Alphonsine, soaring and emotional; MALE VOCAL: Mana, rich harmony throughout]

Though we must part, my love stays true… *stays true—oooh!*

In every dawn, I'll reach for you… *reach for you—oooh!*

Beyond the years, beyond the pain… *through every pain—ohhh!*

I'll find your heart in light again… *again—oooh!*

[Outro — MALE VOCAL: Mana, alone, whispered]

I cannot see what waits beyond…

But I can leave them love to hold.

[Outro — FEMALE VOCAL: Alphonsine, alone, whispered]

And when the dawn returns at last…

Remember me, but don't look back.

[Final Outro — FEMALE VOCAL: Alphonsine, soft and sustained]

Our love will live…

[MALE VOCAL: Mana enters simultaneously, singing the same words in harmony]

Our love will live…

[FEMALE + MALE DUET — BOTH VOICES SING TOGETHER, SAME TIME, HARMONIZED]

Where the dawn meets the stars…

Where the dawn meets the stars…

[End — both voices fade out together]
